

February 11, 2022

Brothers and Sisters,

I hope this finds you and your families safe and well. The next union meeting on February 17th will be a hybrid meeting (in-person meeting and virtual broadcast). The meeting will begin at 6:00pm ET.

We look forward to seeing everyone; however, please keep in mind that we will be following CDC guidelines. Plan to enter the meeting wearing a mask as they will be required.

If you are not comfortable attending the meeting in person, you may participate virtually. There will be a live stream of the meeting for those who cannot or choose not to join us.

At some point prior to February 17th, you will receive a text message that includes an access link. As in previous meetings, there will be time during the meeting for your questions to be addressed. You can send those questions and concerns to the following email address: [localonecovid19@gmail.com](mailto:localonecovid19@gmail.com).

On behalf of myself, the Executive Board, our officers, and our organizers, we look forward to seeing all of you Thursday.

God Bless – Stay Interested, Involved, and Informed.
